

# Collaboration with the IIPC

Kris Carpenter Negulescu  
Director, Web Group

## International Internet Preservation Consortium (IIPC) goals

- Collect and preserve a rich body of Internet content from around the world
- To foster the development and use of common tools, techniques and standards that enable the creation of international archives
- To encourage and support libraries and archives everywhere to address Internet collecting and preservation

<http://netpreserve.org>

# IIPC membership

- 12 founding members (July 2003 – 2006)
- 26 members in 2007
- Members pay a graduated fee and lead or participate in a working group or project
- If interested in applying for membership, email [membership@netpreserve.org](mailto:membership@netpreserve.org)

# Current IIPC Members

## Asia

- National Library Board, Singapore

## Australia/Oceania

- National Library of Australia
- National Library of New Zealand

## Europe

- Library of Catalonia (Spain)
- Bibliotheque nationale de France
- British Library (U.K.)
- German National Library
- European Archive Foundation
- Hanzo Archives Ltd. (U.K.)
- The National Library of Finland
- National Library of the Netherlands
- National Library of Sweden
- National and University Library of Iceland

- National Library of the Czech Republic
- The National Library of Norway
- National Archives (U.K.)
- National Library of Scotland
- Netarchive.dk (Denmark)
- Swiss National Library

## North America

- California Digital Library (U.S.)
- Internet Archive (U.S.)
- Library and Archives Canada
- Library of Congress (U.S.)
- Library of Virginia (U.S.)
- United States Government Printing Office

# Domains of technical activity 2007-2009

## Harvesting

Short term (2007)  
Smart crawler project

Longer term (2008-09)  
Harvest of Web 2.0,  
performance & scalability,  
ease of integration with other  
apps/work flows

## Preservation

Short term (2007)  
Guidelines for Web  
archives preservation in  
light of existing digital  
preservation standards.

Feedback from institutions'  
implementation of Web  
archives ingest and  
management in digital  
repositories

Longer term (2008-09)  
TBD

## Indexation & Access

Short term (2007)  
Requirements gathering  
and publication of shared  
needs.

Improving existing tools  
(Wayback Machine,  
WERA)

Full text indexing and  
search at scale

Longer term (2008-09)  
R&D projects on search, replay  
mechanisms, data mining,  
federation of archives

## Standards

Short term (2007)  
WARC

Longer term (2008-09)  
Will depend on other groups' needs
