Quality Assurance (QA)

About this document

This document is a procedural guide and reference source for issues specific to assuring the quality of specialist art historical resources collected from the web by the New York Art Resources Consortium (NYARC), using the Internet Archive's software service Archive-It (Version 4.9). It is best used as a companion to the [NYARC Web Archiving QA Report Form](#) in the conduct of reviewing, documenting, and improving the quality of archived resources.

Drafts and revisions

- Updated for Archive-It Version 5.0 compliance: Date TBD
- Revised for publication: January 5, 2015
- Draft for internal review: December 15, 2014

Acknowledgements

These guidelines and procedures were originally drafted by Karl-Rainer Blumenthal, National Digital Stewardship Resident, with the generous advice and from the precedents and preliminary research provided by peers throughout the web archiving community. For their contributions to this process, NYARC wishes to especially thank Archive-It, the [British Library](#), the [Columbia University Web Resources Collection Program](#), the [Government Publishing Office](#), the University of Michigan's [Bentley Historical Library](#), the [University of North Texas Libraries](#), and the [University of Texas at Austin Libraries](#).
